RE: Municipal Solid Waste Contract Proposal

Dear Trustee Weyeneth,

Area Disposal Service, Inc., a GFL Environmental subsidiary, is proud to present this proposal for a solid waste contract with the Village of Metamora. In exchange for a five-year exclusive residential contract, GFL will provide the following:

- **TRASH** Weekly curbside trash collection for residential households in a GFL issued 95-gallon trash cart. Weekly trash volume limited to the cart plus two (2) private cans or bags. Each private can/bag is limited to 35 gallons and 50 pounds. There is no volume limit on properly contained trash during the two weeks following Christmas. A second trash cart is \$3.50 per month.
- **RECYCLING** Every other week curbside recycling collection in a GFL issued 95-gallon recycling cart. All recycling material except cardboard is limited to what fits in the cart. Households must opt-in to the recycling program to participate. A second recycling cart is an additional \$3.50 per month.
- **BULKY –ITEM CLEANUP** Households can dispose of “bulky-items” at the curb such as a mattresses, old furniture and small amounts of construction debris annually during a mutually agreed upon community cleanup date. Volume is limited to 5 cubic yards of material per household. In addition to the annual curbside cleanup, GFL will collect “bulky-items” for \$35.00 per item throughout the year. Residents will need to call ahead to arrange for a special pickup and pay in advance.
- **VILLAGE PROPERTIES/FESTIVAL** All Village owned properties receive free weekly commercial trash service with GFL commercial dumpsters and every other week recycling services. GFL will provide free trash services annually for *Old Settlers Days*.
- **ELECTROINC WASTE** All Village residents in good standing under the contract get access to our electronic waste drop-off center at 1090 W. Jefferson St, Morton. Limit two (2) televisions annually. Kuusakoski Recycling processes the electronic waste collected at the Morton facility. *This e-waste drop-off service is only available as long as Kuusakoski Recycling remains open for business in Peoria, IL.*

F: 309-688-9611

Under this proposal, the GFL would collect the monthly fee for residential services quarterly in advance from each household for approximately 1,350 units. Winter "snowbirds" will be able to opt-out of the solid waste program for up to 3 months out of the year.

The monthly fee to start the contract is **\$18.50** per unit per month with fixed annual 4% increases. The fee structure follows this table:

<u>Date</u>	<u>Fee</u>
April 1, 2022	\$18.50/month
April 1, 2023	\$19.24/month
April 1, 2024	\$20.00/month
April 1, 2025	\$20.80/month
April 1, 2026	\$21.64/month

To work in concert with this agreement, the Village would also need an ordinance requiring all households to have residential solid waste services with a designated contractor.

The agreement between GFL and the Village would also contain language allowing for a two-year renewal period under same or different terms. Let me know if you have any questions regarding this proposal.

Sincerely,

**Eric
